

More...
...interactivity,
...motivated participants,
...qualified feedback,
...and measurable results
for your event.

The software solutions of G+B Interactive® can help you achieve this.

Record and manage your event participants simply and efficiently

The software tool **REGISTRATION** will help you:

- Register your visitors quickly and systematically
- Keep an overview even in confusing locations
- Take advantage of the automatic CME-point acquisition system
- Both the function and design of the tool can be adapted to your requirements

REGISTRATION at a glance

You always have an overview of your visitor numbers

Online registration

- Your participants will receive the registration link, including a personalised entry form, via an invitation email.
- After registration, each participant receives a confirmation email with their personal QR code.

On-site registration – Check-in:

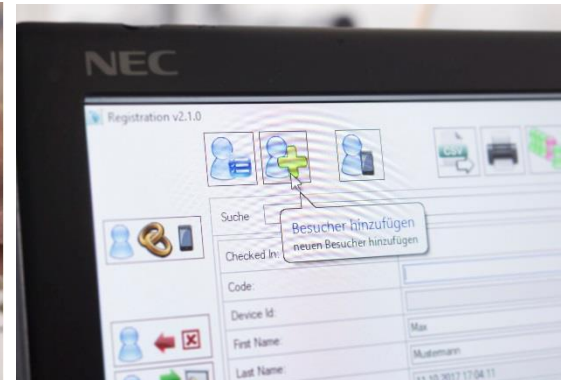

- Now carry out all registration processes at your event quickly and easily. With the first scanning, your guest is registered.
- Your participants can self-check-in.
- Alternatively, the check-in process can be assisted via hostesses.

REGISTRATION at a glance

You always have an overview of your visitor numbers

- After confirmation of registration via the event attendee's signature, their personal name badge is automatically created right away.
- Even without advance registration, your event participants can easily be added manually.
- On-site registration – adding participants:
- The registration form for data collection can also be individually customised.
- All data is stored on a server and is, of course, retrievable at any time.
